

OWOW

Ride on your Imagination

ORI

Top Speed / **Endurance Mileage** / **Peak Power**
100km/h / Max 100km / 9kw

Seat Height

890mm

Weight

73kg

Battery Capacity

2833.9wh
(73.8v38.4ah)

Tire

Front 70/100-19
Rear 3.50-18

**Lightweight High-Impact
All-Aluminum Frame**

**High-Capacity
Lithium Battery**

Brake System

Custom-Made Tires

**IPX7 waterproofing design all adopted with core electronic components of the entire bike*

**Mode
Adjustment**

**Brake
System**

**Suspension
System**

Product Specification

Gowow ORI

Length	1900mm
Width	780mm
Height	1100mm
Ground Clearance	280mm
Wheel Base	1275mm
Seat Height	890mm
Weight	73kg
Maximum Load	100kg
Front-Wheel Travel	210mm
Rear-Wheel Travel	210mm
Peak Power	9kw
Drive Wheel Torque	420Nm
Transmission System	420HO, front 13t and rear 48t
Climbing Angle	55°@10km/h
Top Speed	100km/h
Endurance Mileage	Max 100km
Brakes	Front and rear four-piston integrated forged calipers 203*2.8mm disc
Battery Capacity	2833.9wh(73.8v38.4ah)
Charging Time	3.5h(Us version 5h)
Carriage Frame	6061 Forged Aluminum Alloy
Tire	Front 70/100-19 Rear 3.50-18

Water-Proof Design

IPX7 waterproofing design all adopted with core electronic components of the entire bike

Modulation Mode

- ✓ Built-in three speed gears
- ✓ Custom acceleration curves available
- ✓ Four scene modes adjustment

GPS Track Record

FEATURES

multiple circuit protection

High Capacity Lithium Battery

Using higher energy density
21700 automotive-grade power lithium battery

No fire
No spontaneous combustion

No explosion

Providing long battery life and
a safe use environment.

Compression, rebound multi - level adjustable rear suspension system

GOWOW newly developed four-bar linkage structure

Lightweight Inverted
Front Shock

Forged aluminum alloy
high strength frame

Forged One-Piece Four-Piston Caliper

- Excellent braking effect with high braking force and long service life of the brake
